## PAST PERFORMANCE

Toybeth Systems LLC, despite being in the pre-revenue stage, has already demonstrated exceptional capabilities and a commitment to excellence in technology consulting. Our past performance showcases our dedication to delivering innovative solutions and driving tangible value for our clients as we transition into the evenue-generating stage. Here are key highlights of our past performance:

- **Strategic Advisory Services:** Provided strategic technology advisory services to other early-stage tech startups, small businesses in the healthcare sector, and non-profit organizations. Our insights have helped the clients position themselves for growth.
- **Product Development:** Successfully developed and rolled out a commercial telemedicine platform (“iturah”) with various modules in both web and mobile versions. A couple of other healthcare applications developed are currently in the testing phase.
- **Proof of Concept (POC) Development:** Successfully developed POCs for couple of technology solutions. Our Prototypes have demonstrated potentials for future product development and investment opportunities.

**NAICS:** 541511, 541512, 541513, 541519, 541618  
**CAGE:** 9V5X9

**DUNS:** 112079613  
**UEID:** JRP2S8VWULJ5
